WELCOME TO COBHAM HALL

THE PERFECT SETTING FOR LEARNING.

With almost 30 different nationalities represented in our student body, Cobham Hall is delighted every year to welcome international students from around the globe.

While most join as permanent full boarders, for those wishing simply to improve their English language skills, or to enjoy a shorter term experience of life in a British boarding school, we are pleased to offer two exciting programmes.

Our Summer Immersion Programme provides students with up to four weeks of immersive learning, fun activities, and trips.

Our Short Stay courses offer students up to one year of full academic integration in our innovative skills-based curriculum.

Both programmes are ideal preparation for either a UK boarding school education or for continued studies in English.

SUMMER IMMERSION PROGRAMME

“My English now is at another level!”

Luise (Germany)
Year 9, one-year stay 2022-23

Towards the end of the summer term, we offer an exciting and unique four-week immersive learning experience for students in any year group*.

Living with our permanent boarders in our welcoming boarding houses, students have an integrated timetable, combining intensive English as an Additional Language (EAL), taught by our qualified EAL specialists, with opportunities to work with our long-stay students. From week one, students get involved in Cobham life, joining a wide variety of co-curricular activities. This is the perfect way for short-stay students to get to know Cobham Hall and our permanent students. Also on offer is our innovative Saturday Enrichment Programme which is open for all

immersion students to join throughout their visit.

As the students interact with other pupils across the curriculum and engage in stimulating learning experiences, they will learn grammar, language skills and communication strategies to aid both with their academic studies, and with everyday conversations and situations outside the classroom.

For a fully immersive English boarding school experience, the students may also be invited to join our traditional summer events, such as Sports Day and Festival Day.

*Owing to examinations, students in years 11 and 13 will be integrated into current year 10 or 12 classes.

WEEKS ONE TO THREE

Integrated Learning

During the first three weeks, students take part in integrated learning. They join lessons with our permanent students and fully participate in classroom learning. This unique experience allows them to rapidly develop their language skills while enjoying life in an English school. Alongside their integrated lessons, students have EAL throughout in a programme tailored to their ability.

This is a sample timetable of what weeks one to three could look like (classes will be subject to change depending on the year group):

Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday	
7:45am	< BREAKFAST >							
8:30am	< REGISTRATION >

Summer Class 2023

“I’ve noticed a significant improvement in my English level thanks to this learning experience.”

Anita (Italy)
Year 12, Summer 2023

“It is like a second family for everyone. The time has passed very quickly and I’m sad to leave.”

Blanche (France)
Year 8, Summer 2022

“I enjoy the community. If I have a problem I get helped really quickly. I also like the nature around the school. It is small and private and everyone cares about everyone.”

Vianne (France)
Year 12, Summer 2024

WEEK FOUR

Curriculum Enhancement Week

In the final week, Summer Immersion students join the whole school in moving off-timetable to take part in Curriculum Enhancement Week, a unique, cross-curricular programme designed to challenge and inspire.

Moving out of the traditional classroom setting and into an immersive learning experience, students exchange their regular timetable for hands-on workshops and activities based on our Round Square IDEALS of internationalism, democracy, environmentalism, adventure, leadership and service. In previous years, activities have included kayaking and paddle boarding, recycling materials to create clothes to showcase in a fashion show, Film School and trips to Wakehurst Place and London’s National Portrait Gallery.

Curriculum Enhancement is an innovative week of creativity and adventure that offers our Summer Immersion students the chance to learn new and essential skills alongside their Cobham Hall classmates, while engaging in immersive and fun learning opportunities.

SHORT STAY COURSES

Carmen (Spain) - Year 8, one-year stay 2022-23

ENJOY A COBHAM HALL EDUCATION AND BOARDING EXPERIENCE FOR ONE, TWO OR THREE TERMS

Whilst we delight in welcoming international students to join our permanent boarding community, for many a shorter-term experience is ideal.

For those wanting to stay for just one or two terms, or indeed for a full academic year, we offer a range of flexible courses. These programmes can be tailored to meet the needs of each student. Our Short Stay courses are ideal for students aged 11-17, allowing them to join their relevant year group and experience an English boarding school education.

We also offer a Pre-A Level Foundation course for students aged 16. This can be a stand-alone course for up to a year and may provide the foundation for entry into our co-educational Sixth Form, dependent on subject experience, level of English, and the standard achieved during the programme.

All benefit from our exciting, skills-based curriculum which prepares young people to take their place in our rapidly changing modern world.

See page 23 for fees and dates

LEARNING AT COBHAM HALL

However long they plan to stay, Short Stay students are fully integrated into school life. They are assigned to a tutor group and join mainstream lessons where possible.

Your world awaits

Cobham Hall's innovative curriculum is designed to equip young people with the skills they will need to flourish in our ever-changing world. Alongside standard academic lessons, all students take part in our exclusive Perspectives Course, developing such skills as creativity, communication and collaboration.

EAL

Short Stay courses include our standard programme of English as an Additional Language, which includes two lessons per week. For students who do not yet have the level of English required to access the full curriculum, we can offer an intensive English Language Programme. The number of additional EAL lessons provided per week, above the standard two, will be dependent on ability, and will be chargeable on top of the Short Stay fees. This programme of study is completed, where possible, with mainstream lessons in other subjects with their year group.

LIFE AT COBHAM HALL

Short Stay students live in our boarding houses alongside permanent students and our friendly houseparents, and join in with boarding activities such as games nights and weekend trips.

Pastoral support is outstanding. Each student is assigned a "Buddy" to help them navigate their first weeks, and their tutor is always on hand to help.

Joining in with clubs and activities is a great way to make friends and get to know Cobham Hall. Our varied co-curricular programme has something for everyone, from sports and science to art and drama, while our Saturday Enrichment Programme introduces amazing new skills and experiences.

**"I enjoyed meeting new people.
It is so great seeing where
everyone is from and learning
about different cultures."**

BOARDING LIFE

LIVE, WORK AND
SOCIALISE TOGETHER.

Our lively boarding community lies at the heart of Cobham Hall. British and international students from around the world live, work and socialise together, sharing all aspects of school and boarding house life.

In this welcoming and fun environment, Short Stay and Summer Immersion students join in with a range of evening and weekend activities. Evening activities could include games night, a summer BBQ, or chill-out time, while weekend excursions may take students farther afield, for example sightseeing, shopping or on a cinema trip.

“The boarding house is really cosy and welcoming. It’s like I have lived there for a year. If I could have stayed longer I would have.”

SPORT AND RECREATIONAL FACILITIES

With 150 acres of space, an indoor swimming pool, gym, tennis courts and impressive sports hall, there are plenty of opportunities for students to take part in our lively programme of sports and activities.

At Cobham Hall, we offer a wide variety of excellent facilities for students to use in their lessons and for co-curricular activities. These include several computer suites, fully equipped art rooms, kitchen facilities for cookery activities and even a classic photographic dark room.

We also offer an innovative Saturday Enrichment Programme. Dependent upon term of entry, activities may include photography, art, jewellery making, forensic science, baking and many more.

“I particularly enjoyed all the sports activities! And living in an English environment.”

Noémi (Hungary)
